Sermon Questions
“Faith and Trust”
Hebrews 11

1. How would you define faith? How does Hebrews 11:1 shape any previous definition of faith you may have had?
2. How does faith produce a life that is pleasing to God (Hebrews 11:2)? See also Romans 1:17 and Ephesians 2:8-9
3. In looking over the different ways that the “Heroes of faith” in Hebrews 11 lived their lives, what stands out to you? What seems to be the common thread between them all?
4. The “Heroes of faith” had much less knowledge than we do today in terms of God’s revelation to mankind, including the Bible and the revelation of Jesus. Yet they still lived by faith. How should this motivate you to live by faith in light of all you know about God?
5. How does knowing that God is the originator of creation give you confident conviction that He can be completely trusted and will be faithful to His promises even though you can’t see His ultimate plan?
6. How will you begin to go about intentionally reminding yourself that God can be completely trusted to be faithful to His promises?
